10U Registration for 2019 Spring Season

We would like to invite your child to participate in the 2019 Spring Soccer Season in a NEW 10U Division. If your child was born in the years 2009 or 2010, they are eligible for this NEW Division. This NEW Division will add some additional skills to the previous soccer divisions we have provided in the past.

NEW PROGRAM GUIDELINES:

- NEW-Play with a #4 soccer ball
- NEW-Larger field size and goal
- NEW-Larger team and game sizes
- NEW-Institute goal keepers and introduce off-sides (build-out line)
- Shin guards required at practices and games
- Volunteer referee to officiate their own games

In order to make this NEW division happen, we need to have a select number of registered participants. **We will be offering a Soft Registration for this NEW Division. This means we need this form completed and your payment of \$20 by February 28th.** We will hold these registrations/payments until we have met those numbers. Once we meet the numbers, we will enter them into our online registration system and develop our 10U teams. ***If we do not meet these numbers, we will promptly inform you and refund your \$20 payment.***

Please send your completed form and payment to:
